## Tip Of The Month

"Save time and money! Check the following items before calling in for service:

- |                              |                          |
|------------------------------|--------------------------|
| 1. Is the unit plugged in?   | 3. Check the breaker.    |
| 2. Push in the reset button. | 4. Check product levels. |

Also make sure you have plenty of product to test your unit if you do need a service call."

## July Parts Special - All Taylor Parts 10% off
