As the owner of Paradise Pizza (Cape Coral) my family and I have been looking to expand our menu and was introduced to Broaster chicken by an existing operator (Ninos Italian Bakery - Punta Gorda). After researching Broaster company manufactured pressure fryers and proprietary marinades & coatings I decided to do a taste test at another well established & popular local Broaster location (The Oasis Restaurant - Ft. Myers) and was impressed with the juicy flavor "right down to the bone" .....it was not greasy and the outside was a nice golden nutty, crunchy brown without the "doughy" texture. After my family and I finished we agreed Broaster chicken was the best tasting chicken we have ever had and decided to incorporate into our family pizza business. It has been extremely popular with our customers and we feel like "we hit a home run" with the Broaster chicken program.
